

# TIM GARD

HALL OF FAME SPEAKER

## LAUGHTER BECOMES YOU

### EMPLOYEE MOTIVATION

Is employee motivation important to you? The Laughter Becomes You workshop is as funny as it is inspiring and content rich.

Tim teaches attendees how to develop and apply their own Comic Vision® to be more resourceful and resilient—both at work and in their personal lives.

His rejuvenating and immediately applicable message will show how to increase morale while enhancing productivity and everyday enthusiasm in three short, and easy to adopt, steps.

The unique, yet practical ideas also help people diffuse routine or extreme stress by insulating themselves against negativity. They're able to "refresh and renew" themselves by using and sharing his Comic Vision® techniques.

Ideal for both government and private business. This program can also be tailored for short breakouts (45mins) or half day working sessions.
